# TRAILS Project

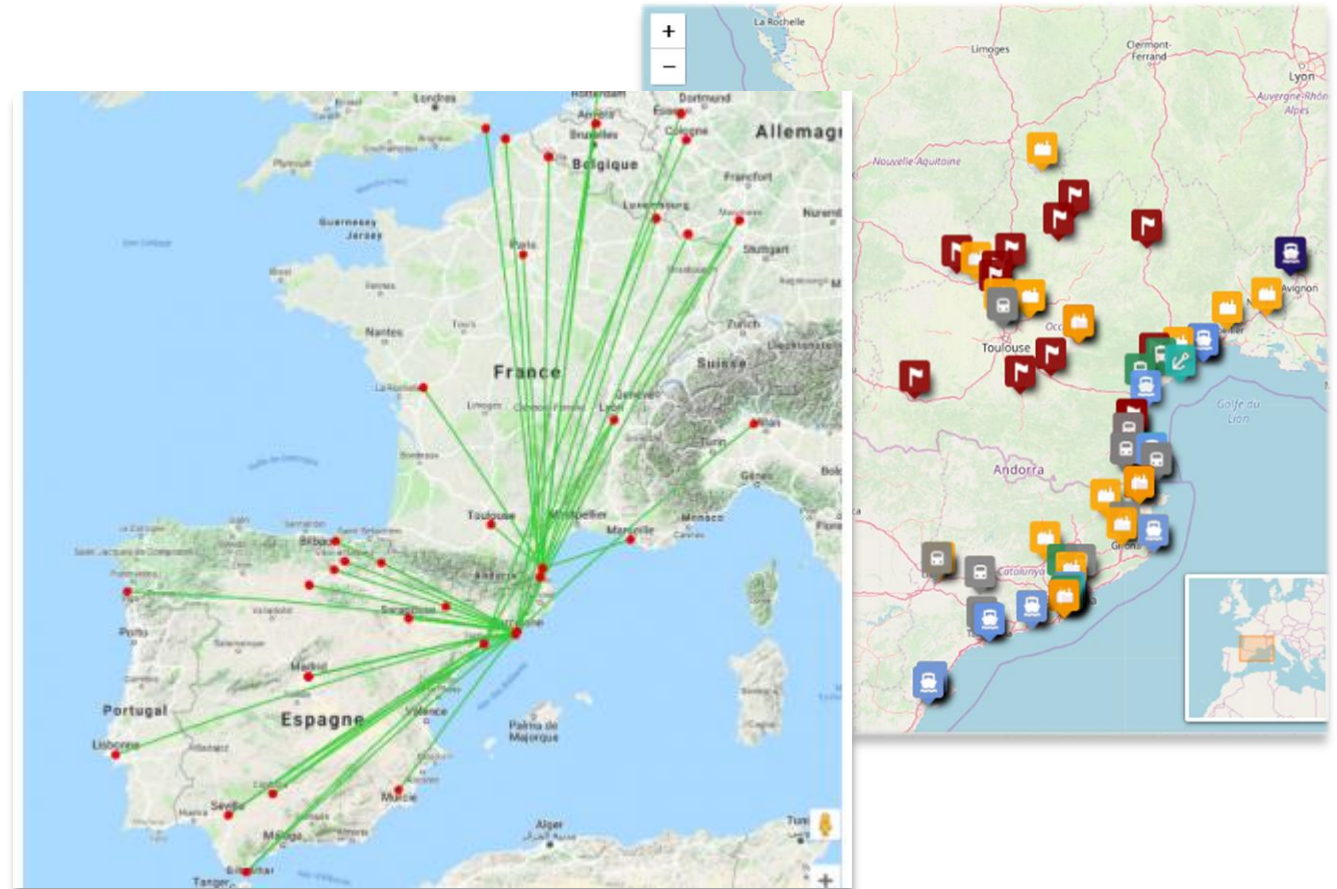

Transnational intermodal Links towards Sustainability

We are partners of european project **TRAILS** that aims to promote and encourage the **use of rail transport and intermodality** in the cross-border transport of goods **between France and Spain, Mediterranean side.**

## EXPECTED RESULTS

- creation of new cross-border multimodal services
- definition of a common strategy for the development of logistics infrastructures between the Region of Catalonia and the Occitania Region
- creation of a cross-border digital single window

# Why join the forum?

- We are an association recognized **both in the private and public spheres** for its long-standing and continuous **apolitical action**.
- Through our participation in many initiatives and entities, we develop a **transversal approach to projects** and have the ability to create synergies between them,
- We are an effective **relay for both feedback and dissemination** in the territories concerned,
- We can ensure the **pedagogy of the work done** within the framework of the Mediterranean forum and a closer diffusion of the local actors and the populations,
- We are an **agile and efficient team** to support the progress of the projects.

**Thank you for your attention**
